ABOUT CRAINE PAINTING

We're a small, family-owned business in southeast Wisconsin. Michael Craine is a lifelong Wisconsinite who started Craine Painting in 2013.

Since 2017, we've specialized in cabinet refinishing and interior painting, and have trained and mentored members of the painting community in the meticulous process of wood coating application.

If you're excited to refresh your home and make it uniquely yours, [contact Craine Painting today](#) about an estimate.

CATALOGUE HIGHLIGHTS

1

INTERIOR PAINTING

A color change or touch up can go a long way to making your home more welcoming to family and guests.

2

SINGLE COLOR CABINET REFINISHING

Hardwood cabinets are meant to last a lifetime, but finishes can fade or become dated. Refinishing gives new life to existing cabinetry.

3

SHEEN AND COLOR

Looking to make your home stand out? Consider an intentional high gloss or deep color accent.

4

UNIQUE FINISHES

True craftsmanship, hand-applied, and unique to your home.

OUR VALUES

HIGH QUALITY FINISHES

Craine Painting has spent over a decade perfecting our craft, and we're constantly learning new products and techniques to make your home beautiful.

A new coat of paint is more than a coating; it can transform your home, increase its value, and make it uniquely yours.

We're paint (and tape) nerds, and are passionate about providing you with the best, most durable finishes for your home. Have a question about the process? Ask away, or watch one of our many videos about what we do. We're sure you'll come away confident in our knowledge and skills.

INTEGRITY

We believe in honest work, and will always do what we say we'll do, when promised. It starts with a timely estimate, and continues with our daily updates and a detailed timeline of your project.

Unlike competing services, we give all-in pricing. There will be no surprises or gotchas on the bill—everything from masking to final clean up is included in your quoted price.

RESPECT FOR YOUR HOME

Intentionality is built into our processes. We're sure to mask, cover, and dust so that you can show off your home to guests when we leave!

SINGLE COLOR REFINISH

REFINISH EXISTING HARDWOOD CABINETS

STARTING AT \$143/LINEAR FOOT

Single color refinishing is the most common type of refinishing, and will give bold results within your renovation budget. All refinishing work includes meticulous preparation, durable coatings applied by a trained professional, and superior service.

PREPARATION

MASKING CONTAINMENT & FILTERING

Each job site is meticulously masked to protect surrounding surfaces. A containment structure is set up when spraying, and all outports are filtered outside away from your home to minimize spray dust.

COLORS

CUSTOM COLOR CHOICES

No stock colors here! You're able to handpick the best color for your home. Finding it difficult to decide? Find inspiration in our previous projects, or ask us for a recommendation.

SERVICE

DAILY CLEAN UP & PROGRESS REPORTS

We want you to have confidence that your project is going well, even when you're offsite at a second home or vacation. We'll send you daily updates about the progress of your job. When your job is done, you can be sure we've tidied up and used a HEPA vacuum so your home is immediately ready for hosting.

COLOR & SHEEN

HIGH GLOSS

Choose a lustrous high gloss finish as an accent for built-ins, furniture, or front doors. Craine Painting is trained in high gloss application and achieving a near mirror-like surface.

There is a surcharge for this premium sheen. Our finishing specialist can give you personalized recommendations based on your intended aesthetic, lighting, and use. All of our paints, regardless of sheen, are durable and chemical resistant.

DEEP COLORS

If your style is more maximalist than minimalist, a deep, saturated color is for you.

Richly pigmented colors require tinted primer and precise application, so there is a surcharge for deep/dark colors.

Not ready to commit to a rich tone? Many customers use dark colors on kitchen islands or built-ins as accent pieces.

Craine Painting will work with you to make your home uniquely yours, including color choice.

UNIQUE FINISHES

Create a bespoke cabinet design, and add depth to the finish with our unique finishes.

Glazing, pinstriping, and distressing create visual interest and can be applied in addition to any single color topcoat.

Specialty finishes require a consultation and approved sample before scheduling.

PINSTRIPING

**HAND APPLIED GLAZE
IN RECESSES**

DISTRESSING

**HAND APPLIED DISTRESSING
AND GLAZING**

MAKE YOUR HOME UNIQUELY YOURS

We'd love to be part of your next home renovation.
